

## Charter Medallists

In 1963 the Council of the Royal Pharmaceutical Society instituted two awards, which are known respectively as the Charter Gold Medal and the Charter Silver Medal. In normal circumstances one of each medal will be awarded annually although in special circumstances the award of more than one of each medal in a year may be considered.

The Charter Gold Medal recognises outstanding services rendered by a member to the Society or, generally, in promoting the interests of pharmacy. The Charter Silver Medal recognises similar outstanding services rendered by a member locally or to a specific sector of the profession. Both awards are made by the Council on the recommendation of the President. The award of the Charter Medals is made at the Society's Annual General Meeting.
