REQUIREMENTS FOR REGISTRATION IN GHANA

Pharmacists who hold a degree that enables them to register and work as a Pharmacist in the country that the degree was issued are eligible for registration. In order to register you will be required to pass the Ghana Pharmacy Qualifying Examination and undertake 12 weeks of Supervised practice (this may increase to 40 weeks if the applicant is a graduate yet to practice pharmacy). There is also a requirement for all applicants to be able to speak English.
