REQUIREMENTS FOR REGISTRATION IN MALAWI

A pharmacist is eligible for registration in Malawi if s/he is a holder of a degree from a recognised training institution. The relevant fee and certificate of qualification and registration must be submitted with an application. The Board will assess the suitability for registration of a pharmacist through an interview or any oral and written examinations as the Board sees fit; the original of the documents previously submitted must be taken to the interview. Pharmacists will only be registered if they reside in or intend to take residence in Malawi.
