Action required

The Board is asked to approve the final draft of the Annual Report for 2007/08.

1. Background

At the Board meeting in April the Board decided to produce an Annual Report and delegated the responsibility to the Communications Working Group.

At the Board meeting in June it was decided to sign off the final draft at the July meeting after the Communications Working Group had signed off the content and all Board members had approved their quotes.

Appendix 1 shows the final draft for sign off (will be emailed prior to the Board meeting with hard copies available at the meeting).

2. Risk Implications

If the Board does not agree an Annual Report it is failing to engage with the membership.

3. Resource Implications

There are resource implications for the production of an Annual Report which have been included in the budget for 2008.
