

Scottish Pharmacy Board 10 June 2009

PUBLIC BUSINESS

Scottish Pharmacy Board Working Groups

Purpose

To review the remit and composition of the established Scottish Pharmacy Board Working Groups and Board representation on other internal and external groups.

Strategic objective domain

- Provide strategic leadership and support for pharmacy practice in Scotland.

Action required

The Board is asked to review the remit and composition of the following working groups and external groups:

- Communications Working Group (Appendix 1)
- Conference Working Group (Appendix 2)
- Premises Working Group (Appendix 3)
- Board representation on other internal and external groups (Appendix 4)

1. Background

The Board established the Communications Working Group, Premises Working Group and Conference Working Group in its first term of office. On establishment of the working groups it was agreed to review their remits and composition on an annual basis to ensure that they reflect the needs of the Board and members.

The Board also agreed to review on an annual basis its representation on other internal and external groups to ensure that those representing the Board were still prepared to do so and that the work of the groups is still relevant to the interests of the Society.

2. Risk Implications

If the Board does not review the working groups and representation on external groups it runs the risk of failing to deliver the Board's remit.

3. Resource Implications

There are resource implications that have been included in the budget for 2009.

Lyndon Braddick

Secretary to the Board
